THE SUB-TREASURY SCHEME IN KANSAS. ALLIANCE LEADERS OFFOSE IT-A VOTE TO BE

TAKEN THIS MONTH. Chicago, Aug. 4 .- A dispatch from Topeka, Kan., sys: A sensation has been caused in Alliance circles n this State by the publication of open letters from N. A. Harris and C. W. Shum, prominent leaders in the People's party, protesting against the sub-treasury Harris is regarded as the safest leader in the Alliance. Shum was the People's party candidate for Lieutenant-Governor last fall. The sub-Alliances throughout Kansas will vote on the subtreasury scheme this month to decide whether it shall corporated in the People's party platform, and the indications now are that it will be defeated. Frank McGrath, president of the Alliance, who has advocated it, has now come out openly against the Sub-Treasnry scheme. Colonel Harris declares that the substantial business men all over the country have protested against it, and that it is certain to bring about the complete overthrow of the People's party if it is not at once abandoned.

AN EXTRA SESSION IN VERMONT.

EDMUNDS'S SUCCESSOR SOON TO BE NAMED. St. Albans, Vt., Aug. 4 (Special).-Governor Page will issue his call this week convening the Legislature m special session on Tuesday, August 25, to consider three and possibly four matters. The most important subject is that of the acceptance and disposition of the United States Direct Tax money, amounting to \$179,000. The Governor intends to recommend an additional appropriation by the Legislature for the orld's Fair. He also has under advisement the matter of calling the attention of the Legislature to alleged flaws and defects in the Australian Ballot

DELEGATES TO THE STATE CONVENTION.

Kanses City, Mo., Aug. 4.—A dispatch to "The Star" rom Arkansas City, Knu., says: No definite news has been received here from the Cherokee election, further than the first disjatch from Tahlequah, claiming Mayes's election by a small majority. Cherokees who are here say that the claim of only a small majority for Mayes makes it seem that he has been defeated, as his creat strength was at Tahlequib. Bushyhead, they add, will carry many of the country districts almost unanimously.

PIXING THE DATES OF THE CONVENTIONS. Lockpert, N. There are also in the high Andes many other valleys covered with crude borax.

WORK OF THE TREASURY COMMISSION. IT IS INSTRUCTING MINISTERS AND CONSULS ABROAD ABOUT THE DETAILS OF THE WORLD'S FAIR.

Washington, Aug. 4.-While the World's Fair Commissioners, Mr. Butterworth and his associates, are sisiting the several capitals of Europe and giving their attention to the general aspects of the undertaking, an important work is being done in detail by the three commissioners who directly represent the Treasury De partment in connection with the admission of foreign exhibits, General Grosvenor, Professor Ellis and Mr. Butler. These gentlemen are visiting the United States Ministers, Consuls and consular agents in all the principal cities and towns both in Great Britain and on the continent and familiarizing them not only with the scope and needs of the Exposition in a genwill govern the transit, admission and reshipments of the goods of foreign exhibitors. They are coming directly in contact with the officials appointed by the various foreign Governments to represent those Governments in connection with the Columbian Expositending exhibitors themselves. In many instances they are invited to appear before the Boards of Trade United States Government for the purpose of explaining all the arrangements touching foreign exhibits, and on those occasions they are plied with numberless questions which indicate the interest that is felt in the enterprise.

They report to the Treasury Department that any apparent absence of interest manifested hitherto eems to have been due rather to a lack of in formation than to an indisposition to participate. They say, among other things, that a satisfactory volume of foreign exhibits would be greatly facilitated if it were possible to inform exhibitors beforehand of the exact to Chicago and return. The Exposition being located in an interior city, new questions in this respect are raised which did not have to be met in any former instance. The recommendation is made that the Exposition authorities lose no time in arranging a uniform scale of thortides lose no time in arranging a uniform seese of transit charges with the several leading transportation companies, so that intending exhibitors may know as early as practicable just what to depend upon, and be able to estimate with reasonable accuracy the expense which they are to incur.

The Treasury representatives are doing much to re-move misapprehensions which had arisen out of hostile or ignorant comment from various sources.

THE PER CAPITA CIRCULATION.

Washington, Aug. 4.-A statement has been prepared at the Treasury Department in regard to the amounts of money in circulation on the 1st of July of the years 1860, 1865, 1885, 1889 and 1891, from which it appears that the assertion that there has been since the war a great reduction of the amount of money in circulation without foundation. The statement is as follows All the statements furnished are made upon precisely the same basis. The amount of each kind of money in the Treasury and the remainder is given as the amount in circulation. There is nothing omitted from the state ment which should appear there except minor coins (nickels and pennies), and they are left out of all the reports be-cause of the difficulty in estimating the amount of them in use. As the amount at the present time is certainly creater than in the earlier years, their omission will not

greater than in the carrier years, their omission will not be unfavorably criticised by those who contend that there is now a scarcity of money. The amount of money in circulation in 1800 was about \$485.000.000, and the amount per capita was \$13.85. In 1805 there were \$723,000.000 in circulation, and the per capita amount was \$20 82. Twenty years later the circula-tion was over \$1,282,000,000, and the per capita was 823 02; white on January 1, 1891, the amount was nearly \$1,529,000,000, with \$24 10 as the per capita allowance, the highest in the history of the United States.

Owing to shipments of gold to foreign countries there has been a decline since January I, 1891, not only in the

per capita amount but the total circulation. On August 1, notwithstanding the outflow of gold, the total was about \$1,500,000,000, and the amount per capital was \$23 37.

A COMMITTEE MAY EXAMINE THE BOOKS. Washington, Ang. 4.-Mr. Lacey, Controller of the Currency, to-day sent the following letter to Governor

Pattison, of Pennsylvania:
"I have the honor to inform you that the Secretary of the Treasury has referred to me for reply your communication of the 1st inst. In accordance with the request therein contained I have this day authorized the receiver of the Keystone National Bank to permit a committee of three or five citizens to be designated by you to examine the books, papers and accounts of said bank, with the view to ascertain what deposits of pul-He moneys in which the State of Pennsylvania had or has any interest were made in said bank by John Bardsley, the late treasurer of the city and county of Philadelphia, and what became of the money thus de posited. In accordance with your suggestion the authorization is limited to an examination as to deposits of public funds passing through the hands of John Bardsley, as treasurer of Philadelphia and agent of the commonwealth of Pennsylvania, and of such funds as the said commonwealth may be directly or indirectly interested in."

THE IMPORTATION OF DOMESTIC GOODS. Washington, Aug. 4 .- Assistant Secretary Nettleton has amended Article 374 of the general regulations of 1884 in regard to the importation of demestic goods so as to provide that the necessary "oath of growth or production" may hereafter be taken before any officer duly anthorized by the Secretary of the Trensury for that purpose. Heretofore the collector alone was authorized to administer such oath, but hereafter that duty can be performed in addition by notaries public appointed under the Customs Administration Act.

THE SCHUYLER TOWBOAT COMPANY PAILS

BAD BUSINESS FOR TWO YEARS THE CAUSE OF THE DIFFICULTY.

Albany, Aug. 4 (Special).-The Schuyler Steam Tow-Boat Company, the oldest towing line on the Hudson River, is in the hands of a temporary receiver, Frank B. Sturges, of the firm of Owen, Gray & Sturges, of New-York. He took possession of the property of the corporation to-day. The application for the receiver was made by the trustees of the company, to show cause why the corporation should not be dissolved. It is said that this action was taken to prevent certain creditors from seizing the bonts of the line under the Admiralty law of libel.

It is estimated here that the Habilities of the cor-

on are \$250,000, while the assets are about \$300,000. The boots of the line are: America, Syra-cuse, Connecticut, Ningara, Belle, C. Vanderbilt, J. Loonard, Carrie, G. E. Winants and Pontiac. All but the latter are side-wheel bonts. The New-York office is one of the directors. Some of the larger debts are: Holland Trust Company, demand loan, \$53,873; Willtam Wall's Sons, for supplies, \$1,346. There are judgments against the company for \$25,575, and there is owing for wages \$4,500, and for salaries \$8,100. Notes are held arguest the company by the Delnware and Hudson Canal Coal Company for 843,000, by S. W. Schuyler for \$13,027. James B. Schuyler, for services of tugs at Albauy, files a claim for 870,523, paper, while the Garfield National Bank of New-York has \$16,000, and the First National Bank of New-York made referee. The corporation employed 169 persons

arrears of wages due them, but the trustees of the company had applied for a temporary receiver and secured a court order calling upon the officers to show cause why the company should not be dissolved.

SUPERINTENDENT LATHROP REPLIES TO GOV-ERNOR HILL THAT THE NUMBER

HAD BEEN REDUCED. Albany, Ang. 4.—Austin Lathrop, superintendent of State prisons, to day sent a communication to Governor Hill in reply to his recent letter relative to the shirt industries at Clioton Prison, and inclosing certain statements and figures from a committee of the Common Council of Troy. He states that he has recently reduced the number of men upon the shirl industry from 457 to 200, and upon the laundry industry from 14s to 84. This reduction, however, did not apparently satisf those engaged in like industries outside. For the welfare of the prisoners it was necessary that they should have work, but under existing laws it was difficult to find trades upon which they could be employed. He had decided to reduce still further the number to
